5 TIPS FOR USING PVC KIDS ONLINE CURRICULUM

TIP #1 - SET ASIDE TIME

Set aside 30 minutes to sit down as a family and complete the Home Connect Lesson.

TIP #2 - PREPARE FOR LESSON

Take 10 minutes to prepare. Look over the Home Connect Lesson and grab any supplies you might need. The more you know about the lesson and activities, the easier it is to lead your family through them.

TIP #3 - HOME CONNECT LESSON

Complete the "Talk Together" and "Read Together" portions of the Home Connect Lessons. This gets your child thinking about the content in a fun way and will also give you a chance to read the Bible Story with them.

Watch the PVC Kids Video and then complete the "Play Together" activity. This activity is meant to apply the Bible Story and Big Answer in a fun engaging way! Close in prayer and celebrate the time you enjoyed together.
