

PALM VALLEY CHURCH 2023 ANNUAL REPORT

What an incredible year at Palm Valley Church! We are looking back at some memorable moments from 2023. From baptisms, groups, volunteers, and missions trips, we have seen God work in so many remarkable ways.

Statistics can be useful, but a fixation on numbers can be dangerous. This is not about just counting the numbers. Each number featured here represents one person who matters to God. He loves us. He died for us. He wants to be in a relationship with us. As a church, we want God to work through our efforts to accomplish this. Every year we want to do this better. Your contribution of time, talent, and treasure has not only resulted in some tangible things we can count and keep track of, but you're also making an impact that we may not know this side of heaven.

As you look through these snapshots of the last year, join me in celebrating what God did in 2023, and let me share a sneak peek of what we are praying for in 2024!

- Pastor Ryan

"Go into all the world"

MARK 16:15

CÔTE D'IVOIRE, AFRICA

This year we equipped over **350** new pastors representing over **300** churches as part of our initiative to help local churches reach their communities.

We've been able to place a special emphasis on the unreached Tura tribe in the northwest region of Côte d'Ivoire. We equipped **100** pastors in this region to begin a concerted effort to reach this tribe with the Gospel.

PALM VALLEY CHURCH

Healthy Church Conference

Our first Healthy Church Conference exceeded our expectations. There were **162** attendees, representing **15** churches. Our team of staff and volunteers had the opportunity to share what we have learned here at Palm Valley Church over the past 23 years with ministry leaders from around the country. The conference served as a catalyst for ministry and coaching that took place all throughout the rest of the year. The Healthy Church Conference is a perfect example of God's economy. The more we pour ourselves out, the more we serve other churches and help them...the more God grows us! We have seen one of the greatest seasons of growth in our history the same year we have made the greatest investments in the growth of other churches! We serve a big God!

GROUPS

We had 60 unique small groups running, with 12 new small groups launched in our community. Many groups were launched out of the success of the PVC Men's & Women's connection events that took place. Many took a step of faith to join a group in 2023.
